

STARYS[®]

Manager

Consultants-Pack

Use STARYS-Manager FREE of Charge and create a new Revenue Stream*

As an approved Implementation Specialist, you can use the STARYS-Manager Software for your Risk Assessments, at no cost, while creating sales opportunities at the same time.

- Save time and money while conducting your Risk Assessments
 - Improve the speed and consistency of your risk assessment process
 - Provide your clients with professional risk reports – with a few mouse clicks only
 - Create significant revenue when installing the pre-populated database with your client
 - Benefit from the generous sales royalty as one of our Resellers
 - Create opportunities for ongoing revenue from additional time spent with the client, follow up sales and the STARYS Support & Maintenance Program
 - Create Value for your Client
 - Provide your client with an excellent and proven risk & compliance management system
 - Significantly reduce the implementation time by delivering a pre-populated database to your client
 - Use STARYS-Manager to implement a professional Document Management System for your clients and help them to keep policies & procedures up to date
-

Add Value to your Consulting Business!

STARYS SOLUTIONS is currently forming alliances with highly skilled consultants in the areas of OH&S, Environment, Quality, Food Safety or Business Continuity
